

## **Whose tracks are these?**

Track cards are used by researchers to identify what animals are living in a particular area. Track cards are put in specially placed tunnels. The animals walk through sticky ink and leave footprints on the card.

Here are ten different animal track cards. Can you match the animal to its' track? Answers are on the back of the card.

Your choices are:

**Possum**

**Gecko**

**Ship rat**

**Hedgehog**

**Tuatara**

**Robin**

**Skink**

**Mouse**

**Weta**

**Mustelid (stoat, weasel)**

**Skink**

**Gecko**

**Robin**
